Web service description

The NSW Administrative Boundaries web service is a dynamic map of administrative boundaries.

Administrative Areas Boundaries depict a polygon feature class within the NSW Digital Cadastral Database maintained by DFSI Spatial Services.

The administrative boundaries provided through this web service includes:

- Counties
- Suburbs
- Parishes
- Local Government Areas
- State Forests
- National Parks
- State Electoral Districts.

Web service uses/fitness for purpose

This web service allows users to easily integrate NSW Administrative Boundaries into Open Geospatial Consortium (OGC) compliant spatial platforms and applications.

Administrative Boundaries can be used to aggregate information for analytical purposes. Administrative boundary data in combination with geo-coded address data, demographic information and agency specific business information underpins the ability to perform high quality spatial analysis.
